

# CHARITY CHICKS

— HOUSTON —

Thank you for your interest in decorating a UNIQUE bra, aptly named BRA ART\* for our 2nd Annual BRAtober event on **October 1, 2010** benefiting **Bright Pink**, a nonprofit organization dedicated to educating and supporting young women who are at high risk for breast cancer or ovarian cancer. We welcome and encourage the creativity for each bra to be a masterpiece of art. Whether it's in honor of someone who's battled breast cancer or something completely out of the ordinary, here's your chance to show Charity Chicks and the rest of Houston what you've got.

Come up with a theme, **B.E. C.R.E.A.T.I.V.E.**, think unique.

To sign up, donate \$30 to **Bright Pink** by visiting [charitychickshouston.com](http://charitychickshouston.com). Within 3 business days you will receive an email confirmation with an entry number to identify your BRA ART\*, the rules and details on when and where to drop off your completed entry. All entries must be on a NEW, solid colored bra that is at least a size 34B. All BRA ART\* must be completed and submitted by September 19.

The top 50 entries will be displayed at **BRAtober** at **Gremillion & Co. Fine Art, Inc.** and will be judged by the guests at the event. The winner will be chosen and announced at the event. Be sure to tell your friends, family, co-workers and even that annoying guy at the water cooler at your office to come and vote for YOU!

The winner will receive an unprecedented amount of paparazzi-like attention at the event and in the press as well as being the co-donor of raised funds..which means when we submit our TOTAL donations to **Bright Pink** it will be on behalf of Charity Chicks Houston and <insert your name here>.

- Please encourage your friends, family, co-workers and even that same guy at the water cooler to submit an entry...all in the name of girls uniting to protect your girly parts!

\*BRA ART - a unique themed bra decorated with love, hope and courage by groups or individuals raising money and awareness for breast cancer prevention initiatives.
